

Bin Lookup

Megan De Freitas - 2024-11-22 - Miscellaneous

Overview

The Bin Lookup screen allows users to search inventory located in specific bins. The search results will enable users to view inventory levels of items in a specific bin and also see the serial/lot detail of those bin items.

Bin	Warehouse Code
A100	01-N

Item Number	Onhand Qty	Fulfilled Qty	Unavailable	Pickable
HD-180	4	0	<input type="checkbox"/>	<input type="checkbox"/>
HD-40	22	0	<input type="checkbox"/>	<input type="checkbox"/>
HD-50	49	0	<input type="checkbox"/>	<input type="checkbox"/>

Lot Num...	Qty...	...	Qty...	Qt...	Date Received	Unit Cost
------------	--------	-----	--------	-------	---------------	-----------

Usage

On the Bin Lookup screen, enter search criteria (or leave blank to view all bins) and click **Search** or hit Enter. Results will be displayed in the grid below. Select a bin to view its details.

Security

Bin Lookup - Grants access to the Bin Lookup module.
