Bulk Pick Ticket Report

Megan De Freitas - 2025-06-12 - Reporting
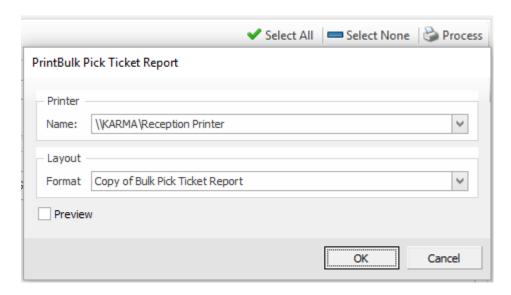

Overview

The *Bulk Pick Ticket Report* security setting allows users to see and use the Bulk Pick Ticket Report default report. This report can be copied and edited in Report Designer. See the Reports documentation for more information on this functionality and other default reports.

Bulk Pick Ticket Report

Usage

The Bulk Pick Ticket Report is used in the Pick Ticket Printing module in SalesPad Desktop. When in this module, you can press the **Process** button to choose the printer and report that you want to use to print the selected orders. For more information, refer to our Pick Ticket Printing documentation.

Security

Bulk Pick Ticket Report - Allows users to see and use the Bulk Pick Ticket Report default report.
