## CardControl - Additions (plugin) - Process Transaction

Megan De Freitas - 2024-12-02 - Video

### Important Notice

**After October 29, 2019, SalesPad will no longer be supporting CardControl.**

Additionally, the application will cease to be a PA-DSS validated solution as of this date, and therefore CardControl customers would no longer be PCI compliant.

Instead, SalesPad Desktop now offers built-in credit card processing via [Nodus PayFabric](#). If you have questions or want more information on our credit card processing services, [please contact your sales rep](#).

This session will go over the Additions plugin for CardControl.
