Dangerous Goods Declaration

Cavallo Support - 2025-06-11 - Reporting

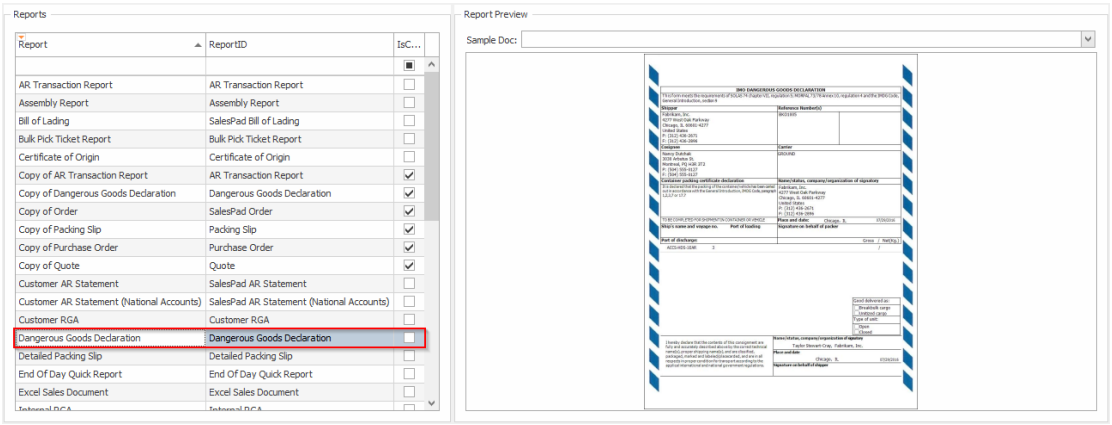

Overview

The Dangerous Goods Declaration Security setting allows users to see the Dangerous Goods Declaration report in the report manager. This report can be copied and edited in report designer. See the Reports documentation for more information on this functionality and other default reports.

Dangerous Goods Declaration

Usage

Dangerous Goods Declarations must be used for a shipment of Dangerous Goods in order to be passed on to the consignor. This document certifies that the goods have been packaged, labeled, and declared in accordance with international shipping regulations. Once you enable the Dangerous Goods Declaration security, the report will be visible in Report Manager.

Security

Dangerous Good Declarations – Allows users to see and use the default Dangerous Goods Declaration report.
