Detailed Packing Slip

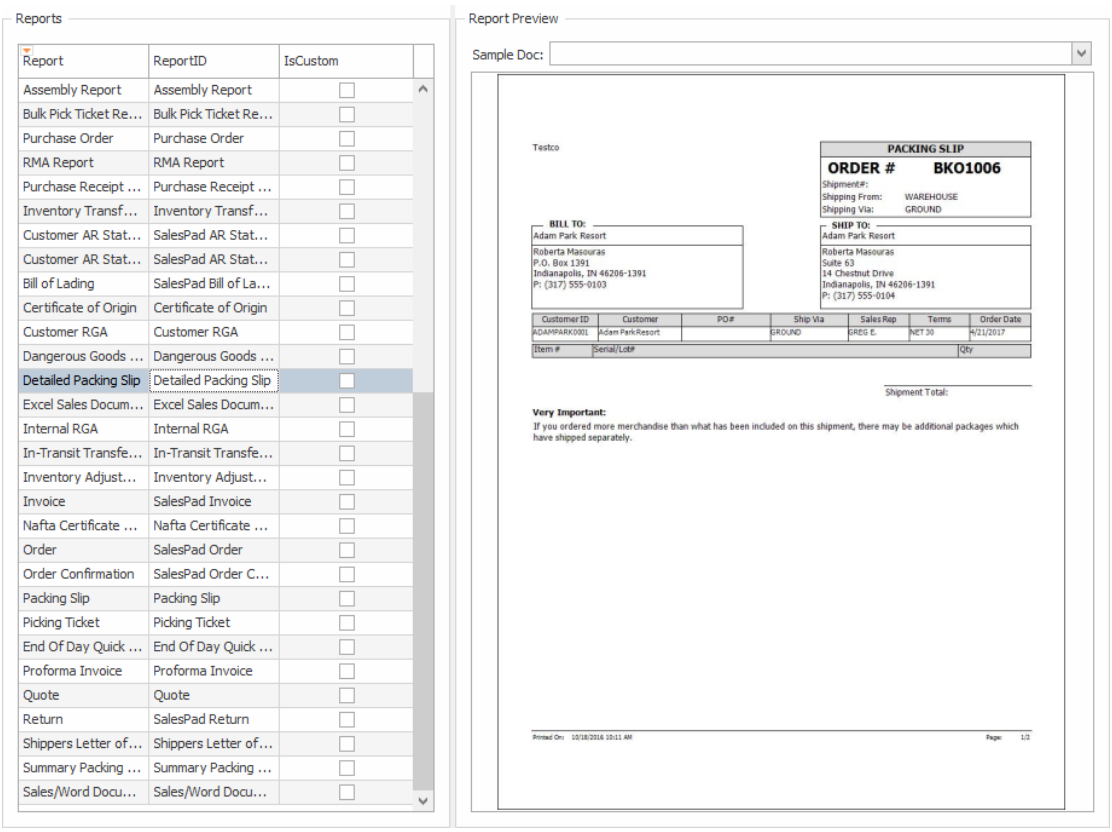

Cavallo Support - 2024-11-22 - Reporting

Overview

The *Detailed Packing Slip* security setting allows users to see the Detailed Packing Slip report in the report manager. This report can be copied and edited in report designer. See the Reports documentation for more information on this functionality and other default reports.

Usage

The Detailed Packing Slip report allows you to print out a Detailed Packing Slip for an order. This is used as a checklist for what is inside of a package. It differs from the regular packing slip by providing information about any shipments linked to a document, as well as displaying the Serial Lot Number for each item. Once you enable the *Detailed Packing Slip* security the report will be visible in Report Manager.
