

## Inventory Transfer Report

Megan De Freitas - 2024-11-22 - Reporting

### Overview

The *Inventory Transfer Report* security setting allows users to see and use the Inventory Transfer Report default report. This report can be copied and edited in Report Designer. See the [Reports](#) documentation for more information on this functionality and other default reports.

### Inventory Transfer Report

The Inventory Transfer Report is used in the Inventory Adjustment module in SalesPad Desktop. When you want to print a report for the transfer, you can press the **Print** button at the top of the screen. For more information, refer to our [Inventory Transfer](#) documentation.
