Mission Control: In App Updates

Megan De Freitas - 2024-11-22 - Mission Control Documentation

Cavallo supports updating your app extension within the settings page. The app will also notify all users of the need to update their extension.

Update Banner

The update banner will now appear for all users whenever there is a new version of the extension available to be installed. There are two versions of the banner that will be shown: One for users that have permission to manage app updates, and one for those who do not.

Regardless of whether users have the ability to run the updates or not, each user will have the option to dismiss the banner and resume their work in the system by clicking the "X" found to the right side of the banner.

User who have permission to update

Update needed

The Microsoft Dynamics 365 Business Central extension is outdated, which can lead to errors. Go to Updates

0	Mission Control	Custome		ocuments	Products								()

Managing who can run updates

To manage which user groups can manage app updates, the following toggle will need to be

set within the User Group settings:

Security Settings

System

← Settings > Undate

Below are examples of what will be seen in the app whenever an update is available. Both the text that will be displayed in the banner as well as how it appears in the app are illustrated.

Update Process

After navigating to the new Updates tab found on the Settings page the following screen will be presented to users whenever an update is available:

Settings			
Global		Updates	
Emails	\rightarrow	Update Failed	
Payments	\rightarrow	Error Message Error Details	
Sales Documents	\rightarrow		Retry Update
Shipping and Invoicing	\rightarrow		
User Groups (2)	\rightarrow		
Custom Fields	\rightarrow		
Updates •	→		

Clicking the Update Now button will start the automated process of updating the Cavallo app. It is highly recommended that this be started outside of normal operating hours.

e Settings - Updaws							
	Global		Updates				
	Payments	⇒ >	O Update in Progress				
	Sales Documents	÷					
	Shipping and Invoicing	⇒					
	User Groups (2)	⇒					
	Custom Fields	\rightarrow					
	Updates	→					

If there were any issues during the update process, users will be presented with an error

message on the updates screen and in most cases they will be able to retry the update.

← Setti	← Settings > Updates Settings							
	Global		Updates					
	Emails	\rightarrow	Update Failed					
	Payments	\rightarrow	Error Message Error Details					
	Sales Documents	\rightarrow					Retry Update	
	Shipping and Invoicing	\rightarrow						
	User Groups (2)	\rightarrow						
	Custom Fields	\rightarrow						
	Updates •	→						

When the App is Up to Date

When there are no updates available, users will be shown the following on the Updates tab:

← Setti	ings > Updates							
Setti	Settings							
	Global		Updates					
	Emails	\rightarrow	No Updates Available Last under mode 10:54 AM January 23, 2004					
	Payments	\rightarrow						
	Sales Documents	\rightarrow						
	Shipping and Invoicing	\rightarrow						
	User Groups (2)	\rightarrow						
	Custom Fields	\rightarrow						
	Updates	÷
