Mission Control in BC: Permission Sets

Megan De Freitas - 2024-11-22 - Mission Control Documentation

Cavallo has recently added a list of permission sets to our extension that control a users ability to interact with Cavallo functionality inside of Business Central. Please see the below Business Central permission sets:

Cavallo General Permission:

- Provides access to all Cavallo standard tables
  - This will also be given by default to users with D365 Bus. Premium OR D365 Bus. Full Access

Cavallo Sales will include the below permissions:

- Can add Cavallo columns

- Can view/use the open in Cavallo button

- Can view/use the Mission Control in Business Central views

Cavallo Workflow will include the below permissions:

- Can submit to Cavallo workflow engine

- Can use Cavallo filters in Business Central

- Can approve business rules from within Business Central

Cavallo All Access (Full access to the above settings plus…)

- Can manage the Cavallo API setup

- Can move workflow queues

For any further questions please feel free to follow up with your Cavallo sales rep or contact Cavallo support.
