NAFTA Certificate of Origin

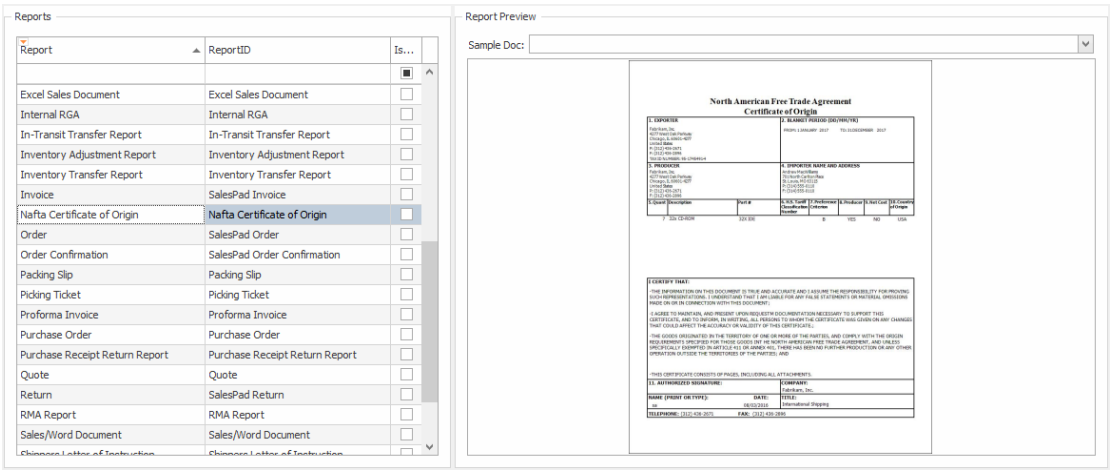

Cavallo Support - 2025-06-12 - Reporting

Overview

The *NAFTA Certificate of Origin* security setting allows users to see and use the NAFTA Certificate of Origin report. This report can be copied and edited in report designer. See the reports documentation for more information on this functionality and other default reports.

NAFTA Certificate of Origin

The NAFTA Certificate of Origin is used within North America to determine if imported goods are eligible for reduced or eliminated duty as part of the North American Free Trade Agreement. Once the *NAFTA Certificate of Origin* security is enabled, you will be able to select the report in Report Manager or in the print menu.

Security Settings

NAFTA Certificate of Origin – Allows users to see and use the default NAFTA Certificate of Origin report.
