Print Putaway Report

Megan De Freitas - 2024-11-22 - Miscellaneous

Overview

The Print Putaway Report (formerly called Print Bulk PO Report) allows users to print a putaway report consisting of multiple, non-sequential purchase orders from the console, using reports created in the Report Manager.

Usage

- Enter your search terms (PO Number, Item Number, Vendor ID, or any combination of the three) and click the **Search** button. If left blank, DataCollection will attempt to return all existing purchase orders. Any purchase orders matching the search terms you entered will be displayed.
- 2. Click on one or more purchase orders to select them. Multiple purchase orders can be selected by using Ctrl + click.
- 3. Click the **Print** button to open the following dialog:
- 4. Select a printer, a report layout (which must be created in the Report Manager prior to using this feature) and any user data to be entered, and click **OK** to print your document.

Security

Print Putaway Report - Grants access to the Print Putaway Report module.
