

Proforma Invoice

Megan De Freitas - 2024-11-22 - Reporting

Overview

The *Proforma Invoice* security setting allows users to see the Proforma Invoice default report in the report manager. This report can be copied and edited in report designer. See the Reports documentation for more information on this functionality and other default reports.

Usage

The Proforma Invoice report is used as a statement of the commitment on the part of the seller to deliver the products and services to the buyer at a specified price. Once you enable the *Proforma Invoice* security the report will be visible in Report Manager.

The screenshot shows the Report Manager interface. On the left, there is a list of reports with columns for Report, ReportID, and a checkbox. The 'Proforma Invoice' report is highlighted. On the right, there is a 'Report Preview' window showing a sample document. The document is a 'COMMERCIAL INVOICE' with the following details:
