# Sales Trend

Product Development - 2025-01-23 - *Major Features*

Description

The Sales Trend widget presents a bar chart displaying total Sales $ over a designated period. The chart also includes comparing sales revenue from a selected prior period for easy analysis of trends and patterns.

Chart

Open image-20240920-163830.png

Left Header

The total Sales $ amount for the current period.

The percent change vs the comparison period.

Charted Elements

- Bars
    - Sales $ for the Current Period
    - Sales $ for the Prev/Prior Period
