Purchased Line Editor | SalesPad Desktop

Cavallo Support - 2025-06-05 - Video

This video discusses how to use the Purchased Line Editor module in SalesPad GP for Microsoft Dynamics GP. This module allows the user to look at any sales document with an attached PO, and edit the quantity ordered, requested ship date, and ShipTo address without breaking the link between the two. The grid in the Purchased Line Editor is customizable by user, like all grids in SalesPad GP.
