ShipTo FedEx Country Code Matching

Megan De Freitas - 2024-11-22 - Miscellaneous

FedEx has an option to match country codes if your GP/SalesPad country codes do not match FedEx requirements.

To set this option in FedEx Ship Manager:

1. Click on **Integration**
2. Click **FedEx Integration Assistant**
3. Click **Continue** and click **Continue** again
4. Make sure you are on Edit Existing Profile and that ShipTo is selected, and click **Continue**
5. Click on the Import tab
6. Click on the Conversion tab
7. In the left column, click on **Country**

From here, you can find a country and next to it type the way it is entered when imported to the document. To use multiple aliases for each country, select a country and click **Duplicate**.

If you don't ship to a certain country, leave the field set to . **Save** your changes.

FedEx® Integration Assistant | Convert your fields to FedEx Ship Manager fields.

Convert your fields to FedEx Ship Manager fields.

Click the FedEx Ship Manager field on the left that you want to convert. Then, in the box on the right, select your value from each drop-down menu to match the FedEx Ship Manager value. Select a radio button to duplicate or remove a field for matching multiple fields.

Shipment Data

Package fields
✓ Service Type
✓ Bill Transportation To

Recipient fields
◆ State/Province
◆ Country

Special Services fields
◆ Ship Alert Recipient
   Shipment Notification

○ UKRAINE	<None>
○ UNION ISLAND	<None>
