Unique Items Sold Over Time

Product Development - 2025-07-01 - Major Features

Description

The "Unique Items Sold" functionality provides a visualization that displays the count of distinct items sold over time. This feature allows users to identify which products are moving and how diverse their sales are period-over-period.

Item Number	Item Description	Item Type	UofM	COGS ($)	↓ Sales ($)	Margin ($)	Curr Quantity	Prev Quantity
