

Vendor Type

Megan De Freitas - 2024-12-02 - Settings

Overview

Vendor Type is similar to [Vendor Class](#) in that it is a means of categorizing vendors. Use Vendor Class and Vendor Type together to manage your vendors more effectively.

To get started, select **Vendor Type** from the Settings menu.

Edit a Vendor Type

To edit an existing Vendor Type, first select the Vendor Type from the list on the left-hand side of the Vendor Type window.

Once you've selected the Vendor Type you want to edit, make your changes in the information fields on the right-hand side of the screen.

When you've finished making your changes, click **Save**.
