What do I need to do to run SalesPad if I have a temporary Microsoft Dynamics GP license key?

Cavallo Support - 2024-11-22 - FAQ

Your SalesPad GP installation will not work with temporary keys that are available for free trials of GP. You will need to point your GP installation registration at your site license key.

To change your GP registration in GP:
1. Go to Tools > Setup > System > Registration.
2. Enter the site name and registration keys that you received from Microsoft.
