Why doesn't my PayFabric payment write back to WebPortal?

In order for PayFabric payments to write back to WebPortal, you need to have the Return URL in your PayFabric account set to:

https://portal.salespad.net/payfabric-return.html

You can find the Return URL field under: <u>Settings</u> - <u>Dev Central</u> - <u>PayFabric Settings</u> - <u>Transaction Options</u>

For more information on editing your PayFabric account, please visit the [PayFabric Support page](#).
